

How to use the Freight Calculator on Parts.cat.com

In an effort to improve our customer service, we are now offering multiple shipping options.

This guide will show you how to use the freight calculator on Parts.cat.com. This means Toromont Cat will arrange a carrier and charge the freight to your order right from our online ordering platform.

Shipping methods

You now have the option to have your order shipped directly to your jobsite, office or any destination of choice when you need it.

Simply choose between the different shipping methods listed in the dropdown menu. All options with the note "prepaid" are going to add shipping fees to your order.

Calculate Freight

When selecting your shipping instructions, make sure you select Ship Prepaid to avoid billing errors. All shipping charges will be added to the parts.cat.com order.

If you want us to ship and be charged by your carrier, you need to select "Use this option to Ship Collect" as the shipping method no matter which carrier you use, then select "Use my carrier specified in the special instructions (Collect)" for shipping instructions. Do not forget to enter any special instructions in the space dedicated to it like your carrier name and account number.

Then click on Calculate Freight for shipping costs.

The screenshot shows a web form interface. A yellow oval highlights a dark button with the text "CONTINUE TO SUMMARY & PAYMENT". Below this, there is a "Special Instructions:" section with a text input field containing "Purrolator # 12345". To the left, there are dropdown menus, one of which has "Ship Collect" selected. Below the dropdowns is an information icon and a button labeled "CALCULATE FREIGHT".

Additional Details and Ordering

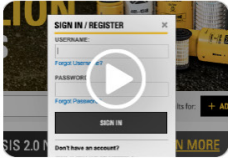

In the Additional Order Details section, verify that the parts you are ordering are correct and that the shipping address and method is accurate.

If you're satisfied with your order, click on place order. You'll then be provided with an order confirmation page that you can use to reference your order in the future.
